

288 Optical Distribution Box Brand

Overview

The OptiTect® Indoor Local Convergence Cabinet, Gen III Series family delivers everything needed to distribute up to 432 distribution fibers for FTTx applications. All cabinets feature intuitive fiber management and internal layout that minimize training time and optimize installer. Optical Hub Cabinets (OHC) provide fiber distribution to subscribers from a compact, environmentally protected outdoor terminal. OHC have been designed with flexibility in mind and support fusion, pre-terminated and field terminated feed and drop fibers. These PON terminals have space for multiple. Typically ships in 28 day (s) Actual lead time confirmed upon receipt of order. The Splice Hub™ 144/288 can. UnitekFiber supplies Fiber Optic Distribution Frame or Optical Patch Panel. Our rack mount ODF is in 4U designed and sliding structure. It is made of cold-rolled steel with electrostatic spraying. Customer's special requirements are welcomed. The price is for 288 cores ODF including the chassis and ODF, but does not come with adapters and.
