

Compatible Anti-Calling Liquid-Cooled Switches

Overview

Amphenol Industrial Operations offers a broad portfolio of liquid cooling quick disconnect connectors engineered to support serviceability, sealing performance, and flexible cooling architecture design. The portfolio includes the UQD, UQDB, UQD/UQDB Rev 2.0, BMQC, LQC, MQD, and SHQD. Imagine a data center where even the most powerful switches run cool and stable—without noise, thermal throttling, or energy waste. Cisco is actively innovating in direct-to-chip liquid cooling for high-performance switches, laying the groundwork for solutions that will enable seamless and. The RackChiller CDU800 is designed to provide an efficient and secure supply of IT equipment. It offers maximum reliability, availability, and maintainability to support direct-to-chip liquid cooling. FEATURES: Rackmount Coolant Distribution Unit (CDU) built for the most demanding High Performance. Koolance is an ISO 9001 & ISO 14001 manufacturer specializing in custom liquid cooling solutions. We also provide cold plates, sub-assemblies, heat exchangers, chillers, liquid-air cooling systems. Use wild cards parameters if you don't know the full number. (*) to match a string of characters (e.

Article Content

Altech Corporation

Altech Corp. is a U.S. supplier of industrial control, automation, and safety components—UL listed, ISO certified, and trusted for over 40 years.

Cold Plates| Q ATS

The DIY Cold Plate family has the same thermal performance as the Standard Cold Plate family except that holes may be drilled in them to create a mounting pattern to match the specific connection points ...

Liquid Cooling Solutions | nVent HOFFMAN

RackChiller Rack Manifolds are a configurable solution utilized in liquid cooled applications that require increased uptime and improved power usage effectiveness.

Koolance

Koolance makes custom liquid cooling thermal solutions: cold plates, ambient and chilled liquid cooling systems, quick connect couplings, heat exchangers, pumps, fittings, tubing, and coolant.

Liquid Cooling Systems | Reliable Quick Disconnects

Discover efficient liquid cooling systems and reliable quick disconnect connectors for data centers, EVs, and ESS applications.

C& K Switches | Electronic Switches & Components Manufacturer

C& K works closely with some of the biggest brands in the world to build customized switches to meet precise customer requirements for haptic touch, look, sound and other unique features.

RS - Industrial Solutions & Electronic Components

Consider these popular solutions in industrial sensing, control, connectivity, and more, including cost-effective options from RS PRO. Our Better World product range empowers sustainable ...

Liquid cooling solutions for AI and high-density data ...

Explore our end-to-end liquid cooling solutions for AI, high-density IT, and sustainable thermal performance.

Exploring the Future of AI Networking: Liquid-Cooled Switches ...

Take steps now to modernize your facility and thermal management strategies for tomorrow's liquid-cooled switches. Meet with your Cisco team or partner to discuss how to design, ...

Carling Technologies

With decades of design and manufacturing experience, Carling Technologies is the market leader in marine application switches, battery disconnects, circuit breakers and ELCIs.
