

Elemental Spectrometer Upgrade Plan

Overview

With our popular Unity Lab Services Essential Service Plan and Unity Lab Services Extended Warranty, when your instrument needs service, we'll get you up and running faster with 50% faster response times and 30% less instrument downtime compared to customers without a service plan. The Essential. At Thermo Fisher Scientific, our mission is to empower industries with advanced analytical tools such as Optical Emission Spectrometers (OES), X-ray Fluorescence (XRF) Spectrometers, and X-ray Diffractometers (XRD) so our customers can accelerate productivity, enhance product quality, and make. We have better options than purchasing a new instrument! Whether you need replacement / custom parts, support, or ongoing service - we've got you covered with several contract levels which can be tailored to your needs. While we are always happy to help, our contracts are designed to meet your. Standards-Compliant Elemental Analysis: Does Your Testing Meet Today's Requirements?

Which ICP-OES/ICP-AES optical technology offers superior performance: Echelle or ORCA?

Explore the SPECTRO Resource Library for comprehensive guides, technical documents, and industry insights. Stay always informed. When you depend on the performance of your lab instruments and equipment, you can count on the Unity™ Lab Services team at Thermo Fisher Scientific to provide superior quality service that keeps your lab productive and running smoothly. We understand that there's no time for downtime and that. High-Resolution ICP-MS is made for the most flexible and reliable analyses, for the best analytical results. The Thermo Scientific™ Element™ 2.

Article Content

Elemental Spectrometers

Analyze high-matrix trace elemental samples with sensitive multi-element detection and meet your data requirements with the optimal performance of the Thermo Scientific™ iCAP™ PRO XP ICP-OES. ...

As our priority, service plan

The Essential Service Plan is available for mass spectrometry, chromatography, trace elemental, molecular spectroscopy, sample preparation, and discrete industrial analyzer instruments.

Essential Instrument Service Plan | Unity Lab Services

With our popular Unity Lab Services Essential Service Plan and Unity Lab Services Extended Warranty, when your instrument needs service, we'll get you up and running faster with 50% faster response ...

Structural and Elemental Analysis | Services and Support | Thermo ...

Service and support for structural and elemental analysis instruments from Thermo Fisher Scientific including installation, qualification, warranties, and more.

Structural and Elemental Analysis | Services and ...

Service and support for structural and elemental analysis instruments from Thermo Fisher Scientific including installation, qualification, warranties, and more.

Save big by repairing your analyzer or spectrometer

Whether you need replacement / custom parts, support, or ongoing service - we've got you covered with several contract levels which can be tailored to your needs. While we are always happy to help, our ...

Guidelines for elemental impurities | Agilent

Elemental impurities are impacting product safety and efficacy in pharmaceuticals. Learn guidelines for elemental impurities.

Service plans for Thermo Scientific analytical ...

We understand that there's no time for downtime and that getting you up and running quickly is critical to your lab's success. Our service plans are designed to help ...

SPECTRO Resource Library | Documents & Technical Resources

Why upgrade your XRF analyzer? iCAL 2.0 - Standardization Gets Smart. SPECTROLAB S - A True Revolution in High-End Metal Analysis. How Automated ED-XRF Workflows Strengthen Elemental ...

Service plans for Thermo Scientific analytical instruments and ...

We understand that there's no time for downtime and that getting you up and running quickly is critical to your lab's success. Our service plans are designed to help improve your productivity, increase ...

ARL QUANT'X EDXRF Spectrometer

We offer a full suite of product and customer services tailored to bulk elemental analysis. Let us recommend a support plan or ask us how we can customize services specifically to your requirements.

Element™ Series HR-ICP-MS

Free your trace elemental analysis from interferences with the Thermo Scientific™ Element Series HR-ICP-MS instruments, which feature powerful applications and an extended linear dynamic range.
