

# German price quote for 24-core fiber optic cable

## Overview

In practical terms, the current market range for a standard single-mode 24 core fiber optic cable typically falls between \$1.50 per meter, depending on specifications and region. Multimode versions may be priced slightly lower, ranging from \$1. From a length of 100 meters, the fiber optic outdoor cables will be supplied. Farnell's fibre optic cables are engineered to provide high-speed, high-bandwidth data transmission over long distances with minimal signal loss. Ideal for telecommunications, data centres and networking applications, our fibre optic cables are available in single-mode and multimode configurations. Buyers typically pay a range for fiber optic cable per foot depending on fiber type, jacket, and shielding, plus installation considerations. This guide outlines typical cost ranges and the main drivers behind pricing to help formulate a budget and estimate expenses.
