

Manufacturer of ribbon fiber production equipment

Overview

We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon making, proof testing and fiber optic cable production. Our technology is used to produce telecom preforms, specialty preforms and fibers. Roblon's long-term experience and knowledge of cable fibers and cable machinery offer our customers a wide range of benefits, as we hold the necessary expertise about both the manufacturing of the fibers and how to use the materials for cable manufacturing. Fiber optic test equipment encompasses a range of specialized tools and instruments designed to evaluate the performance and integrity of fiber optic cables and networks. These. Fiber Ribbon Production System FRP 05 / Medek und Schörner GmbH - Kabelbedruckung auf höchstem Niveau. The operating is simple and the equipment is multi-various (various pay-off and take-up reels. The RT-02 is the latest ribbonizing tool from Fujikura, and the first universal ribbonizing tool on the market suitable for forming a temporary ribbon from loose 200 μm or 250 μm fibers. Wire & Plastic sells optical fiber cable manufacturing equipment: buffering.

Article Content

Fiber Ribbon Production System FRP 05 / Medek und Schörner ...

Medek & Schörner is the global market leader for cable marking machines and optical fiber coating. Our products feature excellent high-tech engineering - made in Austria.

Production Equipment | Connected Fibers | Fiber Optic manufacturing

Manufacturing Equipment Manufacturing Equipment for Fiber Optic Cable Assembly Manufacturing including Patch Cords, Pigtails, and Terminated Devices Epoxy Dispensers and Vacuums ...

Optical Fiber SZ Stranders, Tight Buffer, Loose Tube, Sheathing

We buy and sell optical fiber manufacturing equipment from individual machines to complete lines. Equipment is available: "As Is", cleaned, painted, test run, inspected, electronically upgraded, and ...

Ribbon Fiber Rigid Strander | Bartell Machinery

The Ribbon Fiber Strander has shaft pay off design suitable to supply fiber optic ribbon and buffered tube constructions directly into an extrusion line.

Fiber Optic Equipment | Tensor Machinery Ltd.

Tensor has been building world-class fiber optic manufacturing solutions for over 30 years. Superior bearings and frames, coupled with an innovative low-tension process, ensure no project is too ...

machines for fiber optical cable production

Nextrom is the leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon ...

Fiber optic cable materials and production equipment | Roblon

As a world leading manufacturer of cable-making equipment, we also specialize in binders, servers, and precision winders. The machines are designed to handle different types of fiber, from ultra low ...

RT 02 Ribbonizing Tool

Fujikura Splicing Equipment is manufactured and supported at the highest caliber for the benefit of our customers and their need to provide continuous high-quality and reliable optical fiber preparations ...

Fiber Optic Cable Production

By adopting our technology for stranding and jacketing in tandem, you make your fiber optic cable manufacturing process more efficient. Also, when you combine our stranding unit and yarn server, ...

Fiber Optic Test Equipment | Suppliers

Nextrom is a leading global supplier of production technologies for optical fibers and fiber optic cables. We provide solutions and equipment for optical glass making, fiber drawing, fiber coating, ribbon ...
