

North Africa Spectrometer Series Manufacturer

Overview

Today, we proudly represent some of the most trusted brands in the industry, including Thermo Fisher Scientific, Analytik Jena, Fluxana, Stable Micro Systems, OHAUS, SPECTRO AMETEK, Pendar, and more. The story of Spectrometer Technologies begins around 35 years ago with Mr. Ingo Steinhage, who had a vision to transform the analytical instrumentation landscape in Africa. If you can not update your browser you can still contact SPECTRO directly by Locate your local SPECTRO Analytical Instruments office with our global directory. In mining production, the rapid analysis capabilities of these Spectrometers line allows for characterizing hundreds of mineralogical. Spectrometer Technologies sells a range of Portable Niton XRF and Infrared mineral Analysers, used extensively in Mining exploration and production worldwide. Our focus on delivering the best.
