

# Peru Door-to-Door Shipping of 400G ONU Optical Network Units

## Overview

The solution chosen is centered around the Smartoptics DCP-404 muxponder and DCP-1203 transponder paired with an open line system and 400G optics. This ensures high capacity and low latency while maximizing fiber utilization and minimizing rack space requirements. Shipping across borders?

We've outlined everything you need to know. Ready to Start Shipping?

Whether you're new to shipping or a pro, our simplified shipping experience makes it easier than ever. Our cost calculator makes it easy to estimate your shipping costs. Simply enter your origin. First-Class Package International Service (FCPIS) is an economical way to send lightweight packages to about 180 countries. Packages can weigh up to 4 lbs (64 oz) and contain goods up to \$400 in value. We also compare the parcel shipping rates to Peru from well-known couriers like DHL®, USPS®, FedEx® and UPS®. Then, we offer discount those rates. Volza's Big Data technology scans over 2 billion import shipment records to identify new Buyers, suppliers, emerging markets, profitable import opportunities, and promising products. According to Volza's Peru Import data, Peru imported 427 shipments of Optical Network Unit, Optical Network Terminal. Oslo, Norway - February 29, 2024 - Smartoptics, a leading provider of optical networking solutions, today announced that Peru IX and PIT Colombia, two internet exchanges under the same ownership, have upgraded to 400G, becoming among the first to do so in Latin America. The Smartoptics solution was. The Cisco® Network Convergence System (NCS) 4000 400 Gbps Universal line card converges Dense Wavelength-Division Multiplexing (DWDM), Optical Transport Networking (OTN) and Packet services into a single line card.
