

Price of Lutong TON6800W Optical Receiver

Overview

TON6800W Independent Receiver Module indoor catv Optical Node fiber optical node With Low Power Loss, 1dBm~ -6dBm TON6800W optical node can use in the CATV network, digital network and telecommunication network. The optical. Discover the wide range of from AliExpress Top Seller Lutong Communication equipment Store. Enjoy ✓Free Shipping Worldwide! ✓Limited Time Sale ✓Easy Return. Loom MN100 RF PON Transceiver offer the operators competitive advantage and enormous flexibility over the. TON6800A optical node can be used in CATV network, digital network and. High Efficient HFC Terminal Optical Devices TON6800WII Optical Node For Network Overview TON6800WII applies to conventional two-way HFC network and adopt RF PON system adopting forward two path output AGC function is optional, receiving at +0~-8dBm,output level \geq 108dBuV,RF output level changes no. FWR-2600 optical receiver is an FTTH CATV + SAT IF high-performance optical transmission equipment, suitable for CATV and satellite live TV transmission on the same network. Use high-bandwidth, high-sensitivity photocells, low-noise matching circuits and GaAs amplification, the device has receiving. Store Hours Video Only is open 10:00 A. Curbside pick-up and delivery are available. Our stores allow for social distancing and our staff will maintain appropriate space with our customers.

Article Content

HFC PRODUCT | Loomtelco Network (Wuxi) Co., Ltd.

TON6800W optical node can use in the CATV network, digital network and telecommunication network. This optical node aims at each cable TV network modification requirement.

High Output Level HFC Terminal Optical Devices TON6800Q Opt

Optical AGC function optional, receive at +1~-6dBm, RF output level changes no more than ± 0.5 dB Each RF return port is equipped with 3-state reverse noise reduction switch and plug-in attenuator

CATV & L-Band Optical Receiver

The optical receiver with WDM is based on HUAWEI and Fullwell to jointly create a smart hotel solution in the year of 2013: On a single network to carry hotel voice, ...

HFC: Optical Amplifier, Optical Receiver, Optical Transmitter

Our HFC products guarantee stable and efficient cable TV signal, with fiber optic transmission up to 20 km, so you can enjoy a good experience of fine TV program picture. VSOL's HFC (Hybrid Fiber ...

High Efficient HFC Terminal Optical Devices TON6800WII Opti

Open NM transponder option meets national, SCTE HMS and IEC NM standard, which can provide a real-time monitoring of optical node's working state, parameter and remote management of network ...

HFC PRODUCT | Loomtelco Network (Wuxi) Co., Ltd.

TON6800HII optical node can be used for CATV network, digital network and telecom network. It is especially suitable for the FTTx network where the fiber is extended ...

Video Only | Electronics Retailer

We strive to offer the widest range of high quality products from brand names you know at the lowest possible price.

HFC PRODUCT | Loomtelco Network (Wuxi) Co., Ltd.

TON6800D optical node can be used in the CATV network, digital network and telecom network and is designed according to
