

Russian Explosion-Proof Electrical Box Retrofitting Company

Overview

Our company is called “Exel” — short for the English phrase Ex-Electrics (Explosion-Proof Electrical Equipment). Since our foundation in 2004, we have specialized in the development and supply of high-quality explosion-proof equipment for the Russian and CIS markets. We, Alloy Industry Co. have grown and prospered alongside Thailand's expeditious industrial expansion for more than 53 years. Explosion-proof lights used in hazardous areas where combustible gases and dust exist, which can prevent arcs, sparks, and high temperatures that may occur inside the lamp from igniting combustible gases and dust in the surrounding environment, thus meeting explosion-proof requirements. PKV MK series boxes are manufactured by casting. Boxes can be used in Class 1 and 2 explosion-hazard zones as per GOST IEC 60079-10-1-20111.
