

# Villagers threw the fiber optic cable on the ground

## Overview

According to BBC News, the woman identified only as the spade-hacker was actually digging for copper when she accidentally struck a fiber-optic cable that links all of Armenia's internet. Adding to the peculiarity, this cable was located in the Georgian village of Ksani. Video footage of Lyman, Donetsk, shows entire rows of houses and a field draped in sheets of translucent wire left behind by the aircraft. Modern existence somewhat hinges on this assumption. Yesterday, Ukraine's 3rd Corps announced that a counterattack in the area had broken through Russian lines and. Excavation work by Mytel workers on Mon Mon's pomelo planation. Photo: Facebook / Mon Mon A deep, brown gash cuts through an otherwise lush, green landscape, where dozens of now-dying rubber trees once stood. Lumos, which works with T-Mobile, presented its installation plans Friday to supervisors of community development districts 1-3. Village officials on Friday voted to halt fiber-optic construction after resident complaints and other issues. (Courtesy Village of Orland Park) ORLAND PARK, IL — At a specially called Village.
