

Which Romanian manufacturer makes the best explosion-proof electrical distribution boxes

Overview

BARTEC offers one of the most extensive ranges of explosion-proof and substance-resistant components, devices, and systems for controlling, switching, and connecting for hazardous areas and particularly harsh environments. Electroalfa is a Romanian (East European) industrial group that offers design, production and delivery of a wide range of electrical as well as advanced sheet metal products. EDS Master specializes in Electrical Design and Custom Wire Harness Manufacturing for: • Automotive. Explosion-proof terminal boxes by HARDO provide an excellent alternative to well-known global manufacturers, offering the same (or even better) quality at a competitive price. They are certified for use in zones 1, 2, 21, and 22. All HARDO terminal boxes are equipped with cable glands, terminals. The company specializes in energy supply and offers innovative subscription products for households and small to mid-sized businesses.
