

# Which type of explosion-proof steel plate distribution box is the best

## Overview

Always check for certifications like ATEX and IECEx when selecting explosion-proof distribution boxes. Match the protection type and enclosure rating to the specific hazards present at your site. Our products, including terminal boxes, control stations, junction boxes, local control panels, and battery boxes, are built using stainless. Pepperl+Fuchs provides a specialized portfolio of Ex d (flameproof) and Ex tb (dust protection by enclosure) certified terminal boxes and junction boxes engineered for reliable use in explosion-hazardous areas. HEXLON stands out as a trusted provider of explosion-proof solutions, offering advanced design and construction for hazardous environments. Our selection of explosion proof and hazardous location enclosures can be manufactured to the size and specifications that you need for your environment. Thorne & Derrick International, based in the UK, are the leading designers and suppliers of Control Panels & Distribution Boards for hazardous areas and explosive atmospheres from market-leading brand including Pepperl+Fuchs – a comprehensive range of Explosion Proof control panels are available.
